Kevin Buckner Promoted to Business Development Manager – Electronics by KYZEN

NASHVILLE — November 2026 — KYZEN, the global leader in innovative, environmentally responsible cleaning chemistries, is proud to announce the promotion of Kevin Buckner to the role of Business Development Manager - Electronics as KYZEN continues to build for the future with a strategic realignment of the company's global sales team.

Along with key promotions and additions to the KYZEN team in North America and Asia, the promotion of Buckner represents a continuation of KYZEN's dedication to providing world-class cleaning solutions and technical insight to current and future electronics customers and partners.

"Kevin has been an important part of our US sales team for many years and we're excited to see him continue to provide invaluable service and his knowledge to the electronics industry in the Business Development Manager role," said KYZEN's Global Sales Director Michael McCutchen, "As KYZEN continues looking to the future, we're confident that members of our Clean Team like Kevin are key to continuing our growth while still providing award-winning chemistries and customer care."

Buckner joined KYZEN in December 2011 in the role of Western Regional Manager after working with Aqueous Technologies, where he had a tremendous impact as part of their global sales team. In his 15 years with KYZEN and 22 years of overall experience in the precision cleaning industry, Buckner has become a trusted technical resource for customers and industry peers.

Buckner is an active member of several professional cleaning associations and electronics industry groups, where he shares his knowledge of both mechanical and chemical applications and will continue to do so in his new role with KYZEN.

For more than 35 years, KYZEN has leveraged continuous improvement and innovation to serve customers worldwide through effective cleaning chemistries and advanced cleaning technologies.
