Microtronic GmbH Signs on Vector Quality Group in Romania, Bulgaria, Moldavia and Serbia

Munich, Germany — January 2017 — Microtronic GmbH, a leading sales specialist of microelectronics, is pleased to announce that it has appointed Mr. Cătălin Grigorescu with Vector Quality Group as its representative. Grigorescu will represent Microtronic's products throughout Romania, Bulgaria, Moldavia and Serbia.

Ernst J. M. Eggelaar, President of Microtronic commented, "We currently have local coverage in this territory and are excited to continue to grow our presence in the Romanian market with the help of Mr. Grigorescu. Vector Quality Group is the top provider of microelectronics in the territory."

Vector Quality Group is a young and ambitious team with more than 12 years of experience in testing the quality of materials and / or finished products. The company provides effective technical solutions and laboratory equipment for quality testing. Vector Quality Group is located in Bucharest and has a strong presence in the Romanian market. For more information, contact Mr. Cătălin Grigorescu at +40 731 372707; office@vectorq.ro; or vector.quality@outlook.com.

With 35 years' experience, Microtronic is the microelectronics leader in Europe and offers a wide range of products and services to the microelectronics industries. The company offers regular training courses on various topics through in-house training or can arrange for specific employee training courses on request to suit specific needs.
