## **Virtual Industries Announces 30 Years as a Leading Supplier of Manual Vacuum Handling Solutions**

**COLORADO SPRINGS, CO — January 2017 —** Virtual Industries Inc. today announced its 30<sup>th</sup> year as a leading supplier of manual vacuum handling solutions to the world's high technology firms.

The company's patented ESD-safe products are used by CLASS I cleanroom personnel, electronic assemblers, semiconductor manufacturers, Universities and scientists around the world. Virtual Industries develops innovative, ergonomic, manual vacuum tweezers and pick-up tips based on customer feedback.

Founded in 1987, Virtual Industries is headquartered in Colorado Springs, Colorado. The company has agents and distributors in more than 60 countries and serves customers in nearly 200 countries. More than a third of Virtual Industries sales come from outside the United States.

Tom Mealey and Daren Palmer, Co-Owners

Virtual Industries' success has come from developing innovative manual vacuum handling tools and pick-up tips based on customer requests. These tools provide

customer-specific solutions that make assembly and processing operations more productive and ergonomic.
