Edwards Opens New Service & Support Facility in Arizona

New Chandler-based facility is strategically-located close to key customers in the semiconductor industry for enhanced service, training and collaboration

CHANDLER, Ariz. (13 November 2018) – Edwards Vacuum announced today the opening of a new customer service and support facility in Chandler, Ariz. The new office will provide rapid service, support and applications training to customers in the southwest region.

Scott Balaguer, Vice President & General Manager, Semi North America, Edwards, stated, “Edwards’ vacuum and abatement solutions are integral to manufacturing processes for semiconductors, flat panel displays, LEDs and solar panels and the southwest is home to many of our major customers in these industries. The Chandler facility is situated close to our key customers for rapid support and hands-on training.”

“Edwards is well-established in the U.S. and we have a long-term commitment to expand our facilities in conjunction with our growth. The new Chandler office allows us to grow in a key geography for us. In addition, we recently broke ground on our brand-new Innovation Center and Manufacturing site in Hillsboro, Ore. and plan to move in during Q1 2019.”

Edwards North America has seven locations and employs over 697 people in the U.S. The Chandler office will have approximately 30 employees and is located at 2350 East Germann Road, Suite 30.
