

## **Nordson Test & Inspection Unveils Next-Generation X-Ray Inspection System at Semicon China 2023**

**Aylesbury, United Kingdom** — May 2023 — [Nordson TEST & INSPECTION](https://www.nordson.com) today announced that it will unveil the new Quadra 7 Pro Manual X-Ray Inspection (MXI) system at SEMICON China, scheduled to take place June 29-July 1, 2023 at the Shanghai New International Expo Center in booth E3014.

The Quadra 7 Pro MXI system provides superior 3D/2D manual inspection with higher resolution for back-end semiconductor applications. The new, advanced Onyx<sup>®</sup> detector technology inside provides lower noise for superior image clarity and faster frame rates. The latest Dual Mode Quadra NT4<sup>®</sup> tube provides maximum flexibility with two brightness and resolution modes, allowing users to dynamically switch between, depending on their application needs.

“We are excited to unveil our next-generation MXI system, powered by the latest generation QuadraNT4 tube and new Onyx detector,” said Perry Duffill, VP of Nordson TEST & INSPECTION. “We continue to advance our hardware and software technology to provide our customers superior, industry-leading solutions that address their challenging inspection needs – all to improve their yields, processes and productivity. The new Quadra 7 Pro is a leap ahead.”

Coupled with the advanced technology powering the Quadra 7 Pro, the new Revaluation<sup>™</sup> software is designed for high-end semiconductor applications and enables an exceptional user experience with an intuitive interface, optimized workflow and enhanced functionality.

### **About Nordson TEST & INSPECTION**

Nordson TEST & INSPECTION offers its customers a robust product portfolio, including Acoustic, Optical and Manual X-ray Inspection, Autonomous X-ray Inspection, X-ray Component Counting and Nordson X-ray Technologies. Nordson TEST & INSPECTION is uniquely positioned to serve its customers with best-in-class precision technologies, passionate sales and support teams, global reach, and unmatched consultative applications expertise.

### **About Nordson**

Nordson Corporation (Nasdaq: NDSN) is an innovative precision technology company that leverages a scalable growth framework through an entrepreneurial, division-led organization to deliver top tier growth with leading margins and returns. The Company’s direct sales model and applications expertise serves global customers through a wide variety of critical applications. Its diverse end market exposure includes consumer non-durable, medical, electronics and industrial end markets. Founded in 1954 and

headquartered in Westlake, Ohio, the Company has operations and support offices in over 35 countries.
