Carlsbad, CA, USA – 29 September 2024 – [Nordson Electronics Solutions](#), a global leader in reliable electronics manufacturing technologies, announces that it has received [ISO 9001:2015](#) Quality Management System certification renewal for its Carlsbad, California, USA facility, effective September 2024 until September 2027. The [Carlsbad certificate's](#) scope covers the design and manufacture of automated fluid dispensing and coating systems, which are sold under the ASYMTEK brand.

Their facility certification in Suzhou, Jiangsu, China was renewed September 2022 and will expire November 2025. The [Suzhou certificate's](#) scope includes the design, development, and manufacture of ASYMTEK dispensing and MARCH surface treatment equipment used primarily within the semiconductor- and PCBA-related industries.

This seal signifies that Nordson Electronics Solutions adheres to the ISO 9001:2015 standards to ensure consistent quality in their products.

About Nordson Electronics Solutions

[Nordson Electronics Solutions](#) makes reliable electronics a reality. Through our [ASYMTEK](#), [MARCH](#), and [SELECT](#) brands, we supply the world's semiconductor, electronics, and precision assembly manufacturers with the innovative fluid dispensing, plasma treatment, and selective soldering solutions their products need to protect sensitive electronics and deliver a lifespan of reliability. Day after day, year

after year, across the globe, for 40 years, we've provided engineering and applications excellence to help our customers succeed.

About Nordson Corporation

Nordson Corporation (NASDAQ: NDSN) is an innovative precision technology company that leverages a scalable growth framework through an entrepreneurial, division-led organization to deliver top tier growth with leading margins and returns. The Company's direct sales model and applications expertise serves global customers through a wide variety of critical applications. Its diverse end-market exposure includes consumer non-durable, medical, electronics and industrial end markets. Founded in 1954 and headquartered in Westlake, Ohio, the Company has operations and support offices in over 35 countries. Visit Nordson on the web at www.nordson.com.
