Carlsbad, CA, USA –29 July 2024 – [Nordson Electronics Solutions](https://nordson.pub/20240729pr), a global leader in reliable electronics manufacturing technologies, announces that their Nordson B.V. division, which covers Europe, the Middle East, and Africa, has consolidated its offices into one site in Valkenswaard, The Netherlands, in early July. To meet rising European customer demand for our complete range of solutions, our multiple sites in Deurne and Maastricht, The Netherlands, and Hagenbach, Germany were integrated into a central, updated facility.

Nordson Electronics Solutions' new facility in Valkenswaard, The Netherlands, features new demonstration lab with the latest equipment for fluid dispensing, conformal coating, plasma treatment, and selective soldering.

The facility features a demonstration lab with the latest equipment from the three product lines, ASYMTEK, MARCH, and SELECT. These machines deliver [conformal coating](#), [fluid dispensing](#), [plasma treatment](#), and [selective soldering](#) used during semiconductor packaging, printed circuit board assembly, and other processes in electronics manufacturing. This type of equipment is important to customers backed by the European Chips Act (ECA) to boost resilience in the region.

The modern building includes many of the latest advancements in environmental efficiency. With solar panels, energy-conserving underfloor heating, and other contemporary upgrades, the new location better aligns to the Nordson Corporation's commitment to [sustainability](#). The selection of a site in the Eindhoven area, near the older Deurne location, minimizes disruption to customers, partners, and suppliers. The telephone number and V.A.T. numbers remain the same.

New ADDRESS:
De Vest 1A
5555XL Valkenswaard
The Netherlands

About Nordson Electronics Solutions

[Nordson Electronics Solutions](#) makes reliable electronics a reality. Through our [ASYMTEK](#), [MARCH](#), and [SELECT](#) brands, we supply the world's semiconductor, electronics, and precision assembly manufacturers with the innovative fluid dispensing, plasma treatment, and selective soldering solutions their products need to protect sensitive electronics and deliver a lifespan of reliability. Day after day, year after year, across the globe, for 40 years, we've provided engineering and applications excellence to help our customers succeed.

About Nordson Corporation

Nordson Corporation (NASDAQ: NDSN) is an innovative precision technology company that leverages a scalable growth framework through an entrepreneurial, division-led organization to deliver top tier growth with leading margins and returns. The Company's direct sales model and applications expertise serves global customers through a wide variety of critical applications. Its diverse end-market exposure includes consumer non-durable, medical, electronics and industrial end markets. Founded in 1954 and headquartered in Westlake, Ohio, the Company has operations and support offices in over 35 countries. Visit Nordson on the web at www.nordson.com.
