Seika Machinery Releases McDry Introduction Video Showcasing Innovative Dry Cabinets

TORRANCE, CA — April 2024 — Seika Machinery, Inc., a leading provider of advanced machinery, materials and engineering services, is excited to announce the release of its new McDry Introduction Video. The video offers an in-depth look at the innovative dry cabinets offered by McDry, a trusted brand in the industry known for its high-quality moisture control solutions.

The McDry Introduction Video provides viewers with a comprehensive overview of the features and benefits of McDry dry cabinets, highlighting their effectiveness in preventing moisture-related damage to sensitive electronic components. From advanced desiccant technology to customizable options tailored to specific industry needs, McDry dry cabinets are designed to meet the stringent requirements of modern electronics manufacturing.

“Moisture control is more critical than ever, and McDry dry cabinets provide the ultimate protection for sensitive components,” said Michelle Ogihara, Seika Machinery’s Executive Vice President. “We believe this video will serve as a valuable resource for our customers seeking reliable moisture management solutions.”

The McDry Introduction Video is now available on Seika Machinery's website at <https://seikausa.com/news/mcdry-introduction-article>. Viewers can learn more about the features and benefits of McDry dry cabinets and discover how these solutions can benefit their specific manufacturing processes.

For more information, contact Michelle Ogihara at 310-540-7310; e-mail michelle@seikausa.com; or visit www.seikausa.com.
