FOR IMMEDIATE RELEASE

## Virtual Industries Offers Free 10-Day Trial Demo Program

**COLORADO SPRINGS, CO — April 2021** — Virtual Industries Inc., a leading supplier of manual vacuum handling solutions, offers a free 10-day trial demo program (USA only). The company sells a complete range of vacuum tweezer handling solutions that you can test for 10 days in your facility to determine if they will work for the required application. Most applications can be accomplished with Virtual Industries' wide selection of vacuum tools and pick-up-tips. A new unit will be sent to you for the trial, making it easy to purchase after the trial.

Optionally, you can send samples of your part(s), along with a brief description of your application to the Virtual Industries' Technical Applications Department. The team will respond with a detailed pick-up-tip and tool recommendation for your particular application.

Virtual Industries' patented ESD-safe products are used by CLASS I cleanroom personnel, electronic assemblers, semiconductor manufacturers, Universities and scientists around the world. The company develops innovative, ergonomic, manual vacuum tweezers and pick-up tips based on customer feedback.

Virtual Industries' success has come from developing innovative manual vacuum handling tools and pick-up tips based on customer requests. These tools provide customer-specific solutions that make assembly and processing operations more productive and ergonomic.

For more information about any of Virtual Industries' advanced equipment or to view the virtual store, visit [www.virtual-ii.com](http://www.virtual-ii.com).
