FOR IMMEDIATE RELEASE

Virtual Industries Simplifies Virtual Store

COLORADO SPRINGS, CO — May 2020 — Virtual Industries Inc., a leading supplier of manual vacuum handling solutions, has updated its website to simplify navigation in its virtual store. The company sells a complete range of vacuum handling solutions and accessories through the easy-to-use portal.

Virtual Industries' patented ESD-safe products are used by CLASS I cleanroom personnel, electronic assemblers, semiconductor manufacturers, Universities and scientists around the world. The company develops innovative, ergonomic, manual vacuum tweezers and pick-up tips based on customer feedback.

Virtual Industries' success has come from developing innovative manual vacuum handling tools and pick-up tips based on customer requests. These tools provide customer-specific solutions that make assembly and processing operations more productive and ergonomic.

For more information about any of Virtual Industries' advanced equipment or to view the virtual store, visit www.virtual-ii.com.

###
