Indium Corporation Promotes Damian Santhanasamy to Global Accounts Manager

CLINTON, N.Y., September 8, 2026 — With its commitment to innovation and growth through employee development, [Indium Corporation](http://www.indium.com)[®] is pleased to announce the promotion of Damian Santhanasamy to Global Accounts Manager.

In this new role, Santhanasamy is responsible for promoting Indium Corporation's comprehensive products and services portfolio and providing sales and technical expertise to key global accounts. He is focused on developing customer growth strategies to drive impactful results in transformative multinational industries, including e-mobility, automotive electrification, and high-performance computing.

Santhanasamy joined Indium Corporation in 2006, most recently serving as Senior Country Sales Manager for Malaysia and India, where he led sales of solder paste and wire, engineered solders, and thermal management and semiconductor materials. His sales efforts were critical to Indium Corporation's emergent business growth in the region, leading to the company expanding its manufacturing facility footprint in both countries during his tenure.

Damian Santhanasamy

He received a diploma in electronics from Institut Teknologi (Negeri, Malaysia) and is a Lean Six Sigma Green Belt and certified process engineer.

About Indium Corporation

Indium Corporation® is a premier materials refiner, smelter, manufacturer, and supplier to the global electronics, semiconductor, thin-film, and thermal management markets. Products include solders and fluxes; brazes; thermal interface materials; sputtering targets; indium, gallium, germanium, and tin metals and inorganic compounds; and NanoFoil®. Founded in 1934, the company has global technical support and factories located in China, Germany, India, Malaysia, Mexico, Singapore, South Korea, the United Kingdom, and the U.S.
